## CLINICAL LABORATORY SCIENTIST II

### About Us

Contra Costa Regional Medical Center is a full service county hospital and offers a complete array of patient-centered health care services delivered in a beautiful facility.

With the opening of the Contra Costa Regional Medical Center the people of Contra Costa gained a valuable new community resource: a modern state-of-the-art public hospital dedicated to serving the health care needs of all county residents.

For more than a century, Contra Costa's public hospital has been providing quality health care services to the entire community. Our patients know they're receiving excellent medical care. But more than just quality medical care, our patients also receive compassionate care. That's because it's been our philosophy from the beginning to respect the dignity of the patient and extend compassionate and personalized care to all.

Preserving our tradition of service and excellence is a challenge we are honored to accept - and a promise we are determined to keep.

### **Job Description:**

**Clinical Laboratory Scientist II**

**\$7,364 - \$8,951 / Monthly**

**Bargaining Unit: Local 856 – Health Services Unit**

The Contra Costa County Health Services Department is accepting applications on an ongoing basis to fill experienced-level Clinical Laboratory Scientist positions at Contra Costa Regional Medical Center in Martinez.

The Clinical Laboratory Scientist II is a journey-level classification. Employees perform a variety of professional clinical laboratory procedures and are responsible for the technical accuracy of bacteriological, hematological, biochemical, serological, coagulation and transfusion tests. They also evaluate the validity of test data, maintain quality controls, and assist in the training and development of less experienced scientists and technicians.

Minimum qualifications include a valid license as a Clinical Laboratory Scientist issued by the California State Department of Health Services and 1 year of full-time experience (or

equivalent) as a licensed Scientist in a clinical laboratory performing varied clinical tests and analyses.

Prefer experience in a high-volume laboratory doing clinical laboratory testing and using current clinical laboratory instrumentation.

**To be considered for this recruitment, applicants must submit and attach the required CLS license.**

**Application Filing:** All applicants, including County employees, are to apply on-line at [www.cccounty.us/hr](http://www.cccounty.us/hr), and submit the required information as indicated on the job announcement. All applicants must clearly demonstrate that they meet the minimum qualifications provided on the job announcement. Resumes may not be substituted for the official County application. Paper, faxed or late applications WILL NOT be accepted.

Equal Opportunity Employer

**Job ID: 30865**
